A VILLAGE BLACKSMITH SAVED HIS LITTLE SON'S LIFE.

Mr. H. H. Black, the well-known village blacksmith at Grahamsville, Sullivan Co., N. Y. says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or injurious drug and may be given as confidently to a babe as to an adult. For sale by Craig & Hocker, Druggists.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven, however, that it is a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surface of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists.

Senator Farris told your correspondent that if the party would endorse him for re-election to the Senate he would make the race again, and as sure as we live, we can elect him. I suggested him before and I have had no reason to regret it. He attended strictly to his duties and manifested the courage and the ability to advocate the interests of his constituents. His conduct during the perilous times at Frankfort entitles him to the nomination again.

During the existence of the INTERIOR JOURNAL for more than a quarter of a century, I have been one of its many ardent admirers. Having its birth in my native town, I have watched its rapid growth in circulation and felt a pride in its able advocacy of the right and the welfare of the people. For several years I have had the honor to see my pencilings appear in its bright columns, but not without a feeling of regret, I announce that my connection with it as correspondent, ceases with this issue. Circumstances force me to take this step. I have attempted to do my duty and I beg pardon for any injury I might have done to any one. With good wishes for the paper, its able management and its many readers, I bid them adieu.

Judge Sanley's instructions to the grand jury not only defined the duties of the jury in taking testimony and the different kinds of offenses, but he was especially clear on bribery in elections and he commented on the many ways in which men are bribed, one way being to give a man money to see another man when he who received the money was the man to be bribed and he was expected to keep it. The officers of the court are attentive to their duties and the attorney are watching the interests of their clients. Mr. W. I. Williams is assisting Commonwealth's Attorney Owsley, in the absence of County Attorney Letcher Owsley. Several small cases have been disposed of and some cases have been continued. A suit against W. A. Wallace & Co. for \$2,500, for goods in which C. B. Rouse & Co., of New York, are plaintiffs, was begun Tuesday and was not finished when court adjourned Wednesday evening for Thanksgiving. Hon. R. H. Tomlinson and Mr. Clell Johnson represent the plaintiffs and Gov. Bradley, Capt. Herndon and Mr. Robert Harding represent the defendants. Hon. R. C. Warren is among the visiting attorneys.

Riffe to visit relatives of this community. Miss Angie Carpenter leaves the latter part of this week for Paris to spend some time with friends and schoolmates.

The Red Men will have the honor of giving the opening entertainment of the opera house, Dec. 27th. After a musical at the hall, they will royally entertain at the Weatherford Hotel, with an elegant supper under the supervision of Mrs. D. S. Carpenter, who is well known to be one of the most competent managers of such affairs in the community.

Miss Katherine Baughman is in Danville enjoying wedding festivities. C. L. Holmes, the well-known drummer who makes the Weatherford House his second home, was as usual received with a hearty welcome this week, after an absence of two weeks. Mrs. Chloe Bogle is confined to her bed from the effects of another fall, this being the third injury of the same kind. Miss McCabe, of Versailles, has been visiting Miss Katherine Baughman.

EARTH'S DRYEST SPOT.—The reputation of being the driest spot on earth is claimed for Payta, in Peru, a place about five degrees south of the equator on a coast that has risen 40 feet in historic times. Prof. David G. Fairchild, a recent visitor, reports having reached there in February just after a rain of more than 24 hours, the first for eight years. The average interval between two showers is seven years. Sea fogs are common. Of about nine species of plants noticed, seven were annuals and their seeds must have remained dormant in the ground for eight years. In spite of the lack of rain, the long rooted Peruvian cotton is grown in the dried up river bed, furnishing crops that yield substance to the natives.

The discovery of a supposed error of \$1,600 in the books of George Griffiths, deceased, late clerk of the Board of Education of Cincinnati, led to an examination of his books. The investigation so far made is said to show that Griffiths is a defaulter to the amount of \$100,000.

Let us also give thanks that assassination was not approved as a means of government, and that some of the assassins at least are on a fair way to atone for their crime.—Lexington Democrat.

Policy of the Democrats.

Senator Jones, chairman of the democratic National committee and leader of the minority in the Senate, says the policy of the democratic members will be to oppose a large standing army, Hanna's ship subsidy bill and all schemes by which corporations seek to get their hands in the treasury and the enactment of any reapportionment bill which seeks to reduce the representation of the Southern States. They will support the bill for the construction of the Nicaraguan canal, to be built, owned, controlled and protected by the government, for the use of the world in time of peace, and for the protection of the United States in times of war, and oppose the Hay-Pauncefote treaty, which seeks to make Great Britain a partner in the Isthmian canal as a condition precedent to authority to its construction. A strict watch will be had in the matter of appropriations and the prevention of excesses by a party run mad with the dream of empire. A fight will be made for the reduction of taxes imposed as a result of the war with Spain, so as to remove the burdens that were put upon the masses of the people, and insistence made that the solemn pledge to the world on behalf of Cuba prior to the Spanish war shall be redeemed, and that it be permitted to establish its own government without interference of the United States. This is a pretty good program upon which to unite the democratic forces, which can do little more than show their hand and protest. In a hopeless minority both in the Senate and in the House they will have little voice in legislation, even if they are given an opportunity to voice their sentiments. With every branch of the government in their possession, the republicans can and doubtless will run to riotous excess, and this probably heightens and brightens the future success of the democratic party.

HARRY GIOVANNOLI, of the Danville Advocate, is spoken of for State Senator in this district. There is not a brighter young man or a cleverer gentleman in the country than he is and he would make a capital Senator but for the fact that he is such a devilish not republican. Next year is democratic year and as "Harrigeon" knows it, he will not let the rads use him in any such way, but will demand something better and more tangible of them if he really wants an office. He had better stick to his first love—the newspaper business—though.

THE more we see and hear of "Terrible Teddy" the gladder we are that our vote was recorded against him. One paper says he has developed into a foot ball "rooster" of the veriest sort and another claims that he is the most graceful cigarette smoker in the country. Now let him take a few lessons in cake-walking and his accomplishments will be complete. Just think of a vice president leading the "roosters" at a foot ball game and puffing a cigarette like a two-for-a-nickel dude.

It is neither kind nor just, says an exchange, to criticize those more or less distinguished democrats who have gone over to the republican party since the election. These gentlemen are really self-sacrificing patriots. They realize that the democratic party is in need of purification, hence they get out of it. In other words they leave their party for their party's good, and may joy go with them.

THE documentary stamp tax ought to be the first of the war taxes to be removed. It is annoying, yields comparatively little revenue, and Congress would atone in a measure for its many sins by repealing that part of the law as soon as possible after convening next Monday.

THE names of 172 American women who have in the last 30 years swapped their money for European titles and numbskull husbands are published. Their combined wealth was \$191,253,000. The three front figures cut off would possibly express what it is now.

TAYLOR must have had assurances from Gov.-elect Darbin that he too would disregard his oath and the constitution. He is preparing to move his family to Indianapolis, where he will open a law office.

THE Indiana jury that gave Preacher Hopper one cent damages against the man who accused him of being drunk, evidently had a lingering belief that the charge was true.

NEVADA has only 42,000 inhabitants, 71 less than Fayette county, yet she has two United States Senators and a Congressman. A new deal seems to be in order.

EDITOR LANDRAM, of the Lancaster Record, places us under deeper obligations by a most complimentary, but undeserved mention in his last issue.

POLITICAL.

The populists will contest the gubernatorial election in Nebraska. Out of a total vote of 61,597 in Louisiana, the republicans only got 14,554. Commissioner of Internal Revenue George W. Wilson died in Washington.

The Alabama Legislature in separate Houses voted for United States Senator. John T. Morgan received every vote cast.

It is stated that the administration's programme in the Senate contemplates first the ratification of the Hay-Pauncefote treaty.

Congressman Pugh said at Washington that he had not fully made up his mind about contesting the election of Mr. Kehoe.

Gov. Beckham and bride are now happily domiciled in the executive mansion and the governor is in the chair again.

Morgan Powers, of Coon's Eye, has just finished his 10th night's sleep in a shuck pen as the result of an election bet with Andy Shortt.

Judge W. Floyd Hall, late candidate for the court of appeals, will remove from his present home in Harlan county, it is said, to Danville.

W. J. Samford, governor-elect of Alabama, will take the oath of office in his sick room Saturday if his physicians deem such action advisable.

The Indiana Fee and Salary Commission will present a bill to the Legislature providing for an increase in the salaries of half of the State officers.

Hon. Vincent Boreing and Senator "Puddin' Head" Deboe want John W. Yerkes to succeed the late George W. Wilson, commissioner of Internal Revenue.

Senator J. C. S. Blackburn has gone to Maryland, where he is employed as attorney for the defendant in an important murder case which comes up for trial in a few days.

The State election board which will meet Monday will declare that Mr. Bryan received 235,103 votes in Kentucky, McKinley 227,128, Beckham 230,273, Yerkes 226,755.

Cushman K. Davis, United States Senator from Minnesota and chairman of the committee on foreign relations of the Senate, died at St. Paul Tuesday night, after a lingering illness.

Marion county has probably never before witnessed such a local political event as is now being waged by the democratic candidates for county offices, to be settled by a primary on Dec. 19.

Ex-Gov. Stone, of Missouri, does not approve the suggestions coming from many quarters regarding the reorganization of the democratic party. He believes, however, that the party has been too negative, and that it should adopt a more aggressive policy.

Despite the result of the recent election, the strength of the democrats in the United States Senate will not be reduced after the 4th of March. They will gain six Senators and lose six. Wellington, elected as a republican, will probably vote with the democrats.

The Negro democrats of Kentucky are requested to meet in Frankfort, Dec. 11, to participate in the inauguration of Gov. J. C. W. Beckham. All true democrats are expected to take part in the Marching Club. A ball and reception will be given at night. Lewis D. Smith, Jack Smith, James Walker and W. H. Watts, committee of reception.

THE boiler at W. J. Sparks' rock quarry in Rockcastle burst Wednesday. V. P. Freeman had a shoulder and thigh broken.

THE colored boys of this place are preparing for a big hop on Dec. 13. The programs to be used are the nicest we have seen in many a day.

WE can not stock coal as we have been doing, so you had better get your coal while you can. J. H. Baughman & Co.

CENTRE COLLEGE got beat 12 to 5 at foot ball yesterday. The Y. M. C. A. eleven of Louisville administered the dose at that place.

ALL of the schools closed for Thanksgiving and the public and hill schools will not take up until Monday morning, but the college resumed business as usual this morning.

THE praise service of the ladies of the Presbyterian church will be held at the home of Mrs. W. H. Higgins this afternoon at 2 o'clock. All the ladies of the church and congregation are invited to attend.

THE Red Men of Hustonville will open Dr. Edward Alcorn's Opera House at that place with a royal entertainment on Dec. 27. It will be given for the benefit of the Tribe and a good time may be expected.

MINSTRELS.—Barlow & Wilson's Great Minstrel Company carrying 30 people and traveling in their own elegant parlor car will be at Walton's Opera House Saturday night, Dec. 22. Secure your tickets early.

PROMPT AND JUST SETTLEMENT.—My barn and contents which burned on Thursday night was insured with R. B. Mahony in the Continental and on Tuesday following the loss was paid in full. I want to thank Mr. Mahony and his company. W. B. Lamd.

SOME of our patrons don't seem to understand that when we send them a statement we want money. If they are of the opinion that we send statements out merely to pass away the time or help swell the business of the postoffice we beg to tell them they are woefully mistaken.

THE Red Men are preparing for a big time on the evening of Dec. 12. Several prominent speakers from a distance will address them at Odd Fellows' Hall and afterward a banquet will be held at the St. Asaph Hotel. The public is invited to the exercises at the hall.

TRADES.—J. B. Owens sold to Adam M. Pence his house and lot corner Danville and Hustonville Avenues for \$2,200 and bought of Mrs. Susan Harris her cottage on East Main for \$1,375. Mr. Owens also bought two acres of ground back of the place for \$200. Will Severance has sold to James A. Daddar his home on Lancaster Avenue for a good sum and the latter will move to town.

MEETING for prayer and Bible study at Miss Mary J. McAfee's every Monday at 2:30 p. m. The door is open to all; you are invited to come. Also a library of 40 books is at your disposal. These books are for the free use of any desiring spiritual teaching and to secure one call on Miss Mary J. McAfee, who will receive subscriptions and renewals for the Christian Alliance and Pentecostal Herald. Stanford, Ky.

FOR ASSESSOR.—The announcement of Samuel M. Owens appears in another column. He has served the people most satisfactorily as sheriff and now asks for the nomination for assessor. There isn't a harder party worker in the county than "Sam," as everybody calls him, and that he would make a capital assessor there is no reason to doubt. He is quick with the pen, good at figures and probably no man in the county has a better knowledge of the valuation of land than he.

BISHOP.—Mrs. Amanda Bishop, mother of Messrs. Columbus and Samuel Bishop, died at the former's home at the advanced age of 81. Her remains were taken to Pulaski Station Wednesday and after services by Eld. J. Q. Montgomery, of Liberty, were laid to rest. She was formerly from that section. We did not know Mrs. Bishop but are satisfied the mother of such excellent citizens as the above gentlemen could not have been otherwise than a most Godly one.

CONTEST.—Mr. E. H. Beazley, who no doubt has had more experience in contests than any gentleman in the county, and who has been very successful with them, has decided to give one at Walton's Opera House on Tuesday evening, Dec. 26, in which every public school of the county can have a representative. Speeches will be limited to 10 minutes and the schools can choose which shall represent them males or females. As the time is not very far off it is necessary to have the names of the entries not later than Dec. 10, so those schools which desire representation had better get to work at once and decide who their representative will be. A prize of \$20 in gold will be given the successful contestant, which is enough to secure some of the best speakers in the county.

3,518—Gov. Beckham's official majority is 3,518 and Mr. Jerry Briscoe, who guessed it would be 3,500, not only proved himself a pretty good prophet, but will get the INTERIOR JOURNAL one year free.

THE Thanksgiving hop at Walton's Opera House last night was a most enjoyable one. A number of belles and beaux from adjoining towns were present. Music was furnished by a band from Danville.

DEATH.—Dr. W. N. Bush, one of Lancaster's oldest and most highly respected citizens, died yesterday afternoon after a long illness. He will be buried this afternoon, when Drs. Peyton, Carpenter and Brown, of this place, will be among the pall bearers.

WE regret exceedingly to lose our splendid Lancaster correspondent, Prof. M. D. Hughes, whose efficiency and promptness have been a great help to this paper. Other business compels him to resign the lucrative(?) position, but we have a lingering hope that as soon as his affairs are straightened out he will return to his first love and make our Lancaster column fairly bristle with news notes.

THANKSGIVING.—Most of the stores were closed yesterday and the day was a very quiet one. The weather was good for hunting and every lover of the sport who could get a dog and gun took advantage of the opportunity. In the morning Rev. J. B. Crouch preached a fine sermon at the Methodist church to a good audience and the afternoon was spent in various ways by those who could not get out of town. A hop at Walton's Opera House last night ended the day and another Thanksgiving is a memory.

MR. NORTH, who taught the school, hands in the following: The following pupils of Sugar Grove school received a general average of 90 per cent. or over, for the term ending Nov. 23d: Grade I, Thomas Anderson, 94; Ida Bowen, 92; Jeb. Chandler, 91; Ira Turnbull, 90. Grade II, Wm. Anderson, 90. Grade III, Grady Tucker, 95; Pettus Adams, 95; Nannie Bowen, 93; George Ballard, 91; Mike Long, 90. Grade IV, Odis Newland, 95; Wm. Tucker, 92. Grade V, Leslie Anderson, 94; Joe Newland, 91; James Livingston, 91. The debating society was an enjoyable feature of the school, and will continue to meet every Friday evening. Everybody is cordially invited to come out and hear some good speeches, both by old men and youngsters.

CHANGE IN MANAGEMENT.—Mr. Gus Hofmann, who has managed Crab Orchard Springs for the past eight or nine years, will be succeeded tomorrow by Mr. J. B. Willis, of Richmond. Mr. Hofmann will return to his old home at Indianapolis and engage in business. He and his wife have made a great many friends during their stay in this county and it is with sincere regret that we are to lose them. The good will of hundreds who have received kind treatment at their hands while at Crab Orchard will go with them to their future home and the INTERIOR JOURNAL joins in wishing them the best this world affords. It will be good news to his friends to learn that Dr. B. G. Dick will remain in charge of the Keeley Institute and that his estimable family will continue to make it pleasant for the guests of that noted resort. Mr. Willis is splendidly equipped for the role of mine host and we predict that grand old Crab Orchard Springs will be a successful watering place under his management. He ran a hotel at Richmond for years and operated Estill Springs during one of its most prosperous seasons. While regretting to lose Mr. Hofmann and family we heartily welcome the incoming of so good a citizen as we know Mr. Willis to be.
